## The Conference Theme

This year's Conference theme is: Edgar Cayce on Human and Animal Holistic Health.

*Welcome to this year's conference*

**Dr. Bill (William) Austin** has been a healthcare provider for the past 50 years. His career includes being a college athletic training, an emergency medicine technician, an English Bone-setter, a college anatomy and physiology instructor and a Doctor of Chiropractic. He has presented over 3,500 hours of post-graduate education and published nine peer-reviewed research papers. Though semi-retired, Dr Austin still enjoys treating patients at his office in Roanoke, VA. Dr Austin first read

*There is a River* by Thomas Sugrue in 1975. That book, and the many that followed, is the reason he became a Doctor of Chiropractic and a devoted student of the Cayce Readings. Dr Austin presently serves as Chair of the Board of Trustees for Edgar Cayce's Association for Research and Enlightenment in Virginia Beach, VA.

During his presentation, you will learn the basic tenets of health and health care as found in the Cayce Readings, how to perform some of the physical techniques to promote healing, when to use some of the frequently recommended Cayce remedies and the importance of having the right attitude and intention.

**Dr. Doug Knueven** is a holistic veterinarian and a longtime ARE member. He has authored the Holist Pet Care column for Venture Inward since 2007 as well as the definitive Cayce pet book (Stand by Me). He is also an appreciated lecturer.

Dr. Doug's lectures will explain the underpinnings of holistic pet care and will delve more deeply into the ideal, natural diet for pets and also details of how to apply acupressure to yourself and your pet.

You will leave empowered to help your animal friends maintain or regain holistic health.

**Thomas Jedensjö** is a member of the board of the Swedish Foundation Edgar Cayce Centre. He is interested in meditation, the Cayce style as well as the Buddhistic tradition. Thomas is conducting the meditation on Saturday.

(The meditations will be only in Swedish).

**Karin Bernström** is a co-worker to the Foundation. She became involved in alternative medicine in the 70's. Around 1980 she discovered the book, *There is a River*, by Thomas Sugrue, which became her "little bible". Karin is conducting the meditation on Sunday.
